

Wealthy Goddess **HER-STORY & TRANSMISSION**

Lakshmi

HER-STORY

This Goddess has it all. If there is one Goddess that I would encourage you to invoke regularly to support you to feel wealthy within and to be an energetic match with abundance, Lakshmi is it.

She is most popularly known as the Hindu Goddess of wealth, abundance and prosperity, but what is less understood, is that she is not specifically a Hindu Goddess, as her essence is painted in the ancient Vedas, Puranas and Tantras. Hinduism rises out of some of those sacred texts, which is why she is commonly thought of as a Hindu Goddess. Of course, Hinduism and Indian Tantric traditions are the ones that work with her most publicly and have carried the ceremonies and rituals forward of how to bring Lakshmi into our consciousness; however, one can be of any faith or belief system to invoke Lakshmi.

Wealthy Goddess

The form of Lakshmi was first seen in artwork in the Vedic texts, as long ago as four to five thousand years ago! She was often depicted with water and lotuses. Other names for her are Padma, Padmini, Kamala, and Ambuja. The lotus is an embodied form of Lakshmi on Earth. Just like the lotus embodies all aspects of creation in its cycle of birth, nourishment, and dissolution. Lakshmi is known as a Mother Goddess, in that she oversees birthing with the waters, the sustainment of life through the Earthly realm of prosperity, and the process of dissolution when humanity no longer recognizes and walks the path of beauty. (Rhodes 16).

Lakshmi is commonly thought of as the consort to Vishnu (the God of preservation), but she is said to also be favoured by Shiva and Brahma. Lakshmi is the emanation of all of life and is an embodiment of all faces of the Goddess, however, is most commonly invoked in her full-blossom lotus form, in which she is the quintessence of abundance, wealth and prosperity. Lakshmi's essence is embodied in the cow, milk and gold.

From the tantric lineages, it is understood that Lakshmi is seen in every womyn. She is seen in all that is the Earthly realm. She is the path of beauty. To notice and witness beauty is to recognize and honour the aspect of Lakshmi that is in all things.

Lakshmi's message in this alchemical journey is that when you bless yourself, you bless all life - for you are an emanation of Her and when you bless yourself, you are singing praise to the beauty that sustains creation. Lakshmi is here to heal the spaces within you that feel selfish and greedy to desire wealth. She will help you to hold the frequency of joy and gratitude, so that you become an energetic match with abundance and attract wealth from the inside out. Lakshmi desires to bless your life with gifts in all forms as an extension of her undying affection for you and all life.

HER-STORY & TRANSMISSION

Lakshmi Speaks

“Wealth is an inner experience. Everyone looks outside of themselves to fill the void with things - gems, jewels, books... And there is nothing wrong with lavishly loving the beauty and enjoying all that Earth has to offer. But when you look to those materials to make you happy, you are going to fall short. Nothing outside of yourself can make you happy. No-one outside of yourself can make you happy. You make yourself happy. It is an inner choice.

And when you start to see how you get to choose happiness moment by moment, you begin to play with God. You start co-creating. When you hold the frequency of joy, the birthing power of your womb can't help but birth the frequency that you are holding within. So you hold an inner-state of joy, and what does your womb birth? Experiences that help you to feel joyful. And those are the things that your heart desires. What you seek is seeking you.

You get to embody wealth within. How amazing is that? Your entire body is a temple. Your body is an altar for the Goddess. When you hold the frequency of abundance within, you call upon my frequency. I am known for beauty, for prosperity, and for sustaining life. So you want to sustain life? Appreciate beauty. Appreciate all of the beauty that is inside of yourself and all of the beauty that you see in the world. The more that you appreciate beauty, the more abundantly I can't help but want to grace you with wealth.

HER-STORY & TRANSMISSION

Joy and gratitude are the secret ingredients. Joy is the frequency that vibrates in unison with your birthing centre and gratitude is the frequency that vibrates at the frequency of your heart. This heart-womb connection is necessary to birth Heaven on Earth. You need the gratitude to appreciate the beauty and the joy to awaken your Shakti to bring into form that which your heart seeks. It is an endless loop. An infinity loop, joy and gratitude - gratitude and joy.

Allow yourself to be playful like the child. See the world through the eyes of innocence, excitement and joy. Notice the small things, notice the big things. Notice all of the things that are showing up to support you. Remember that I live at the lustrous jewel within - your solar plexus. I am a frequency within you. I am always here to remind you that you are the gift, that you are the bounty, that you are beautiful. Will you allow yourself to walk the path of beauty?"
